

Creating an Emergency Notification Account with the City of Williamsburg

Go to www.williamsburgva.gov/alerts

Click on  button.

You can also click on the FAQ and Overview links at the top right for more general information about the system.

1. Create your user name and password (Password must be 8-64 characters and must contain letters (a-z or A-Z) and numbers (0-9), password must not contain spaces or username).

2. Select a security question and enter its answer

3. Accept the Terms of Use by checking the box.
Complete the visual or audio CAPTCHA code and click Submit.

Your next step is to customize your subscriptions, preferences and contact information. (All of which can be changed by you at any time)

My Profile

You can register as a resident or business

Enter your name and last name and company name if registering a business.

Subscriptions Weather Alerts

As part of the Emergency Notification System, the City has enabled residents to sign up for weather alerts from the National Weather Service. The City does not generate the alerts but simply provides access should you like to subscribe.

Weather and Hazard Alerts Settings

Don't send between specified times

09:00 PM

and

08:00 AM

(GMT-5:00)Eastern Standard Time(America/N)

Please note: Weather announcements are transmitted when they are issued – and that can be any time of night or day. The system allows you to set a quiet time when you will not be disturbed. (In an extreme emergency, the City can override the quiet time to send an alert.)

How to Contact Me

Click on the “Next” button in the lower right corner to add your contact information. Enter the contact information and set the order of priority in which you want to be contacted in the event of an alert.

Remember also, that as soon as you confirm receipt of the message, attempts to contact you will cease.

Click Save.
