

CITY OF WILLIAMSBURG

Public Works & Utilities Department

**CITY OF WILLIAMSBURG
INVITATION FOR BIDS (IFB)
04-4101-18
Longhill Road Sidewalk Expansion**

DATE: May 31, 2018

CLARIFICATIONS

1. Bid documents are available for download from Purchasing on the City of Williamsburg website at <http://www.williamsburgva.gov>. Printed versions are also available at the City offices as under the terms mentioned in the advertisement. Bidders are requested to contact the Department of Public Works at 757-220-6140 to be registered as a plan holder should the plans be downloaded from the City website.
2. A pre-bid conference was held on May 29, 2018 at 10:00 am. A copy of the list of Attendees is on the City's website.
3. This addendum is intended to address items associate with the construction of the project:
 - a. What is the traffic volume for Longhill Road?
Response: The volume of vehicles is 4,200 vpd.
 - b. There appears to be a few trees close to the location of the new sidewalk that are not indicated to be removed.
Response: Trees that will need to be removed are indicated in the Special Provisions. The typical cross-section will be continuous throughout the project length. The vertical grade will be maintained with the existing grades. There are a few areas between Stations 4+00 to 8+00 where the sidewalk will meander to avoid poles and other obstacles, it will be a field call to determine exact locations.
