

WORK SESSION NOTICE WILLIAMSBURG PLANNING COMMISSION

The Williamsburg Planning Commission will hold a work session on Wednesday, February 26, 2014 at 4:00 p.m. in the third floor Conference Room (Room 310), Williamsburg Municipal Building, 401 Lafayette Street, to discuss the following:

PCR #14-009: Review of regulations for room rentals to visitors (bed and breakfasts) to determine what, if any, additional changes should be made to the regulations. On February 13, City Council approved changes that allow an owner-occupied bed and breakfast to hire one non-resident employee, and to allow an investor-owned bed and breakfast to be operated by a full-time live-in manager if the owner lives in the City. As a part of the approval of these changes, City Council asked Planning Commission to consider amending the regulations to also allow a full-time live-in manager in an owner-occupied bed and breakfast. Other changes that have been suggested in previous Planning Commission are: allowing small weddings, allowing dinners to be served, and allowing bed and breakfasts to host showers, business meetings or other revenue producing events.

There will be an opportunity for citizens to address the Planning Commission on these issues during the work session.

A handwritten signature in black ink that reads "Reed T. Nester". The signature is written in a cursive, flowing style.

Reed T. Nester
Planning Director
